

New Source Review newspaper advertisements for construction permit applications, May 15, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: May 13, May 14, or May 15, 2008. Public notices are generally published every two weeks. The previous publication of public notices was May 1, 2008.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Alcoa, Inc. – Tennessee Operations with a mailing address of 2300 North Wright Road, Alcoa, TN 37701. They seek to obtain an air contaminant permit (Division identification number: 05-0090-42, 43/61907) for the modification of their hot and cold mills located at the same address. This existing operation consists of a 120” hot mill, 96” hot mill, 80” hot mill and continuous cold mill with process steam provided by the existing boilers. The requested modification is for the addition of individual process heaters to provide process steam for each of the rolling mills. The existing boilers will be shut down when the new process heaters are operational. The new process heaters will be equipped with low nitrogen oxide (NOx) burners. There would be physical construction. Regulated air contaminants will be emitted by this source. Mr. Steven Simpson is the assigned Division person.

For the Blount County *Maryville Daily Times* -- published once on or before Thursday, May 15, 2008.

FIRST APPLICANT:

The applicant is Against the Grain with a mailing address of 1262 Euclid Avenue, Cleveland, TN 37311. They seek to obtain an air contaminant permit (Division identification number: 06-0233-01/61760) for construction of a Spray Booth at 1262 Euclid Avenue, Cleveland, TN 37311. This proposed operation would consist of a paint booth and associated equipment used to coat wood cabinets. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Doug Wright is the assigned Division person.

SECOND APPLICANT:

The applicant is Central Asphalt, Inc. with a mailing address of P.O. Box 3424, Cleveland, TN 37320. They seek to obtain an air contaminant permit (Division identification number: 06-0200-01/61786) for an Asphalt Plant located at 348 Ladd Spring Road Southeast, Cleveland, TN 37323. This existing operation consists of crushed rock, natural sand, limestone stockpiles, batch mixer, screens, conveyors, silo and associated equipment used to produce asphalt concrete. This construction permit is being issued to update the permit conditions. A baghouse

and wet suppression are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. W. Collins is the assigned Division person.

For the Bradley County *Cleveland Daily Banner* -- published once on or before Thursday, May 15, 2008.

The applicant is Mapco Express #1015, with a mailing address of 7102 Commerce Way, Brentwood, TN 37027. They seek to obtain an air contaminant permit (Division identification number: 50-0088-01/61929) for construction of a Gasoline Dispensing Facility at 1001 North Locust Street, Lawrenceburg, TN 38464. This existing operation consists of three gasoline storage tanks and associated gasoline dispensing equipment. Stage I gasoline vapor recovery is used for pollution control. There would not be physical construction. Regulated air contaminants are emitted by this source. Mr. K. McLain is the assigned Division person.

For the Lawrence County *Democrat-Union* -- published once on or before Thursday, May 15, 2008.

The applicant is Clean-N-Press Express with a mailing address of 226 N Kentucky Street, Kingston, TN 37763. They seek to obtain an air contaminant permit (Division identification number: 73-0185-01/61934) for construction of a Dry Cleaning Facility located at 2100 Roane State Highway, Harriman, TN 37748. This proposed operation would consist of a dry-to-dry perchloroethylene dry cleaning machine. A refrigerated condenser would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Roane County *News* -- published once on or before Thursday, May 15, 2008.

FIRST APPLICANT:

The applicant is Aggregates USA, LLC with a mailing address of P.O. Box 2389, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number 74-0009-03/61803) to modify an existing Ag-Lime Crushing & Sizing operation at 4275 Highway 431 North, Springfield, TN 37172. This operation consists of crushers, screens, conveyors and associated equipment to produce crushed agricultural lime product. The requested modification is for a change of ownership from Rinker Materials South Central, Inc. to Aggregates USA, LLC. Wet suppression will be used for pollution control. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Medley is the assigned Division person.

SECOND APPLICANT:

The applicant is Aggregates USA, LLC with a mailing address of P.O. Box 2389, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number 74-0009-03/61935) to construct an Ag-Aggregate Sizing & Washing operation at 3025 Joe Dowlen Road, Pleasant View, TN 37146. This operation consists of a tertiary screen, conveyors and associated equipment to produce washed aggregate and manufactured stone sand product. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Medley is the assigned Division person.

For the Robertson County *Times* -- published once on or before May 15, 2008.

The applicant is White County Concrete, Inc. with a mailing address of 3942 Burgess Falls Road, Sparta, TN 38583. They seek to obtain an air contaminant permit (Division identification number 93-0076-01/61906) to modify an existing Concrete Batch Plant operation located at 3942 Burgess Falls Road, Sparta, TN 38583. This

operation consists of a concrete weigh batch mixer, dry cement storage silo, aggregate stockpiles and associated equipment to produce ready mix concrete. A baghouse is used for pollution control. The requested modification is to increase production of concrete to 15,000 cubic yards per calendar year. There would be no physical construction. There would be an increase in the regulated air contaminants emitted by this source. Mr. W. Medley is the assigned Division person.

For the White County *Sparta Expositor* -- published once on or before May 15, 2008.
